The purpose of this policy document is to set out the principles and procedures governing Consultancy undertaken by Staff Members of the University.

1. Staff Members of the University are encouraged to undertake University Supported Consultancy and other similar work provided it does not conflict with the interests of the University.

2. University Supported Consultancy:

This Consultancy is supported by the University and may involve the use of University resources, such as laboratories, intellectual property and other resources.

(ii) A maximum of 30 days per year (during university working days) may be devoted to University supported Consultancy. Any leave taken for travel outside the university during these days for work related to consultancy shall be treated as “duty leave”.

(iii) The total consultancy fees should reflect a fair return to the member of staff and the University for resources used directly. After the deduction of all direct costs, the standard division of consultancy fee income is as follows:

Individual member of staff (consultant): 70% • University: 30%

3. Private Consultancy:

(i) Private Consultancy means Consultancy undertaken in the personal and private capacity of Staff Members in their own time, with no use of the University's resources, no use of the University's name or logo, and no liability on the University. It is undertaken in an area outside of the academic, research or administrative expertise of the Staff Member for which he or she is employed by the University.

- (ii) All Private Consultancies must be reported to, and recommended by the University authority.
- (iii) Private consultancy shall be performed by the staff member only in his/her own time. No leave shall be given by the University to a staff member for performing private consultancy.

(3) Intellectual Property:

Any intellectual property including copyright generated in the course of a University consultancy or other outside work (except in the course of a private consultancy), created specifically in the course of creating a report for the external client, must belong to the University.

(4) Implementation and Procedures:
